The BRC was developed by the Motorcycle Safety Foundation (MSF) as a complete riding program for the beginner rider. Taught solely by the MSF certified instructors, the course consists of seven hours of classroom instruction and ten hours of hands-on riding instruction. The 2½ day, 17 hour course provides the beginning motorcyclist with the basic mental and physical skills necessary to minimize risk on the street. Topics include straight-line riding, shifting, braking, turning, and swerving techniques as well as motorcycle dynamics. The BRC has been approved by the New York State Department of Motor Vehicles as an option to the motorcycle road test. Students 16 years of age and older who possess both a valid New York State Driver's License and a Motorcycle Learner's Permit who have successfully completed the BRC, will receive their motorcycle endorsement without having to take the New York State on-street motorcycle road test.

**TRAMA'S AUTO SCHOOL INC.** provides motorcycles helmets, and course materials. Students must provide their own riding gear: over-the ankle footwear (No sneakers), jacket, long pants and full-fingered gloves. **Student** may supply their own helmet and eye protection as long as they meet D.O.T. standards.

The BRC is both mentally and physically demanding. **(Please disclose any medical condition you may have that could interfere with your ability to ride/push a motorcycle. Some prescription and nonprescription medications may cause drowsiness and/or affect your balance. If you are taking any medications please check with your doctor or pharmacist to confirm that there will be no conflict).**

Please be sure that your calendar is clear, you are well rested, and free from distractions during your course. The ability to ride a bicycle is an MSF requirement for admission into the BRC. There are both classroom and riding sessions each day of the course; perfect attendance and proper riding gear are mandatory.

Failure to attend any training sessions (classroom or riding) or to have proper riding gear as outlined above will result in dismissal from the course and the **cancellation policy will apply.**

### **IT IS RECOMMENDED THAT YOU TAKE A PRIVATE LESSON PRIOR TO YOUR COURSE START DATE**

#### **PHYSICAL REQUIREMENTS**

I understand that riding a motorcycle requires alertness, coordination, balance, grip and fine muscle control of the hands and feet. Certain medical conditions, recent surgery or injury and/or certain prescription or over-the-counter drugs may interfere with safe motorcycle operation. If you have a history of dizzy spells, fainting, seizures, epilepsy, muscular, balance/inner ear or other physical or stress related problems, are recovering from recent injury or surgery and/or are taking prescription or over-the-counter medications, it is imperative that you consult with your doctor or pharmacist before the course to determine if your medical condition, or the drugs that you are taking for it, could interfere with your ability to operate a motorcycle.
